 ON A ROLL**

INSPIRING THE DESIGN AND RENOVATION OF
 BATHROOMS, SHOWERS AND WETROOMS

NEW!
 CHOOSE FROM
 10 STYLISH
 FINISHES

MARMOX ROLL OUT A NEW INSPIRING PRODUCT - SLICEDSTONE MOSAIC ON A ROLL

Slicedstone mosaic on a roll offers inspiring solutions for the design and renovation of bathrooms and wetrooms

Marmox new Slicedstone Mosaic range is sized using the latest technology in laser-processing machinery, allowing for accurately cut tiles. Backed with a decoupling waterproof membrane, the tiles are precisely spaced giving consistent 3mm grout lines that are pleasing even to the most critical eye.

The Slicedstone range comes in a choice of 10 beautiful finishes. Made from 4mm slices of Indian sedimentary rock, the surface has been treated with a clear Polycarbonate solution to create a stable surface that is waterproof, stain resistant, UV resistant and allows easy removal of adhesive and grout residue.

Marmox Slicedstone Mosaics are thin layers of real natural stone. Their natural surface, variety, vivid patterns and unique tactile texture all combine to make each sheet a feast to the eyes.
